

The Network of National ITS Associations

Norbert Handke

ITS for road safety and security

SEE-ITS, Sofia, 27th of September 2013

The ERTICO - ITS Europe hosted Network of National ITS Associations is a grouping of national ITS organisations formed in order to ensure that ITS knowledge and information is transmitted to all actors at the local and national level

NETWORK OF NATIONAL
ITS ASSOCIATIONS

The objectives of the Network are to:

- Share information about national ITS activities and strategies
- Mutual inspiration
- Raise awareness of common ITS interests within the European Union
- Support co-operation and projects across EU Member States

NETWORK OF NATIONAL
ITS ASSOCIATIONS

Activities

- Biannual plenary meetings
- Continuous exchange of information and intelligence
- Access to thousands of European ITS contacts
- Focal point at the World and European ITS Congresses
- Opportunity to join research and project consortia
