Speaker: **Rumen Mihaylov**

Organization: **ITS Bulgaria**

CONTENTS

- Who are we?
- ITS Bulgaria Members
- Participation in projects
- Activities during the years

WHO ARE WE?

- ITS Bulgaria was established in November 2010 as an independent, voluntary non-profit organization established to work for the benefit of society.
- The main goal of the organization is to be the Bulgarian's leading expert organization that stimulates collaboration with similar International ITS organizations for exchange of experience and proclamation of the best European and International practices and implemented ITS solutions.
- Member of Network of National ITS associations since 2011

ITS BULGARIA'S MEMBERS (I)

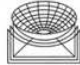

- Members of ITS Bulgaria are manufacturers, suppliers, and contractors of travel and hardware accessories for the implementation of ITS solutions. Moreover, the Association includes companies with experience and interests in the realization of an interoperable and effective ITS system.
- 34 members divided in three membership groups:
 - Full membership – Entities
 - Associated membership – Universities, Scientific organizations and NGOs
 - Honorary membership – Authorities (Ministries, Agencies, Municipalities and etc.)
